DAILY THOUGHT.

"Our home is where our friends abide; we are lonely in the crowded city if our friends are not there; we are contented in the desert wild, if our friends are about us. In true friendship is our inspiration of the present, our hope of the future. When our friends are all gone our achievements are ended."—Charles Edward Locke.

STRENGTHLESS

SEEMED DYING

So Weak She Could Hardly Move, Says Indiana Lady—One Bottle of Cardui Put Her on the Road to Recovery.

Tanger, Ind.—"Four years ago this summer I was sick in bed," writes Mrs. Lillie McElwee, of this place. "I had been under the doctor's care for five weeks. I was pretty bad, and I was just as nervous as I could be. I could not sleep at night until 10 or 12 o'clock when I would doze off and wake up I would be all of a tremble with nervousness."

"The doctor called my trouble catarrh of the... It gave me such pains that at each one it would seem that I could not bear another one. Then I would chill... the pains would just seem to shake me all over, and the next day I would be so weak I could hardly move. I would be so utterly strengthless that it would seem as if I were dying."

"After one of my bad spells... and I had almost died, I picked up the Home Treatment Book and decided to try Cardui. Before I had taken a whole bottle I could sleep at night. I don't remember just how long, but in a short time I was up and helping with the work."

Over forty years of successful use has proven the value of Cardui in the treatment of many common female ailments.

All druggists sell Cardui for women.

IRISH SYMPATHIZERS IN

U. S. HOLD 'TEA PARTY'

British Flag Is Burned in Front of United States Treasury Building at Washington.

Washington, June 4.—Irish sympathizers today burned a British flag in front of the United States treasury building. Led by Miss "Pat" Keane of New York, they soaked the Union Jack in oil and set a match to it. To the crowd that gathered Miss Keane proclaimed:

"This is only another Boston Tea Party to remind the assassins not to go too far."

Whether the incident will taken on an international significance will depend on the attitude of the white house and state department.

Not long ago the picketing of the British embassy was stopped by virtue of an ancient statute under which this government is required to protect foreign embassies and legations from annoyance. International lawyers say, however, that this statute does not cover except by very elastic inference the case of the burning of the flag of a nation by individuals even near a government building.

It is understood that if the British foreign office should decide to ignore the affair, the government may take the initiative and express its regrets to Great Britain.

The incident created a mild sensation. With Miss Keane were Mrs. Thomas Corliss of New York and four other pickets. A crowd gathered while the flag was burning but there was no interference with the performance. After about three-quarters of an hour of celebration by the women a car containing detectives arrived, but there was no one left to "detect."

London, June 4.—The resistance of the police attacks by Sinn Feiners on barracks is stiffening noticeably. Five such attacks in various counties were repulsed this morning. The police suffered no casualties while four attackers were killed.

REJOICES DAUGHTER CAN RESUME STUDIES

"Everything my little 12-year-old girl ate, distressed her; even a glass of water would cause her to belch gas and she was unable to go to school for nearly a year. I bought her a bottle of Mayr's Wonderful Remedy, and since taking it she is eating us out of house and home and is attending school again." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation, which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

WILL NOT RELAX FIGHT FOR HER RICH INDIAN

Mrs. Lowe - Barnett Has Long Legal Battle Ahead, Says Government Attorney at Muskogee

Muskogee, June 4.—The hearing in the Jackson Barnett case at Winfield, Kan., has been postponed at the instance of Judge A. N. Jackson, special commissioner of the supreme court of Kansas, and will probably be set for hearing within the next 2 weeks.

Habeas Corpus Case.

This is the habeas corpus case in which the government charged that Mrs. Jackson Barnett retained Barnett or his liberty in Coffeyville, Kan., immediately after she spirited him out of Oklahoma and married him.

The government asks that Barnett be permitted to live on his farm near Henryetta unrestricted. Judge Jackson more than a month ago permitted Barnett to come back to Oklahoma, but enjoined the government from interfering with his marriage.

Government attorneys will make a fight to have Barnett returned to the custody of his legal guardian, Carl J. O'Hornett.

Long Fight Ahead.

J. C. Davis, attorney for Mr. O'Hornett, said yesterday that the government would not relax in its fight to get Barnett out of the power of Mrs. Barnett, and the legal contest would continue indefinitely.

In the meantime Mrs. Barnett is living with her million dollar Indian husband, trying to eke out an existence of \$650 a month, the allowance made to Barnett by his guardian.

To Make Your Hair Look Naturally Curly

Just apply a little liquid witherine with a clean tooth brush before doing up the hair and you will have as beautiful curls and waves as you could wish for. They will be perfectly natural in appearance and will last a long time, even in damp or windy weather. The full effect is secured within three hours usually.

A few ounces of liquid witherine—which, of course, can be had at any drug store—will last for weeks, so it is quite economical to use. It also serves as an excellent dressing, giving the hair a delightful gloss. When the hair is combed out it will be as fluffy as though it had just been shampooed.
